INFORMATION DISCLOSURE STATEMENT

Sir:

Pursuant to 37 C.F.R. §§ 1.51(d), 1.56, 1.97 and 1.98, this Information Disclosure Statement is submitted in the above-identified patent application. A listing of documents to be published on the face of any patent granted from this application is submitted herewith on Form PTO/SB/08. Any other documents or information submitted for consideration by the Examiner are listed in this paper. A copy of each foreign patent, or each publication or portion thereof listed or herein identified, is submitted herewith, except that a copy of any U.S. patent application identified herein or any patent, publication or other information listed herein cited or submitted in a prior application relied upon for an earlier filing date under 35 U.S.C. § 120 and identified below, is not submitted herewith.

CONCISE STATEMENT OF RELEVANCY
(NON-ENGLISH LANGUAGE DOCUMENTS ONLY)

1. Japanese Published Unexamined Patent Application No. 2000-138255, Published May 16, 2000 – The invention is a background art of the present application. JP 2000-138255 was cited on the International Search Report for the corresponding PCT Application submitted herewith. An English translation is also submitted herewith.
2. Japanese Published Unexamined Patent Application No. 63-101085, Published May 6, 1988 – The invention is a background art of the present application. JP 63-101085 was cited on the International Search Report for the corresponding PCT Application submitted herewith. An English abstract is also submitted herewith.
3. Japanese Published Unexamined Patent Application No. 2001-351892, Published December 21, 2001 – The invention is a background art of the present application. JP 2001-351892 is described in the specification of the present application. JP 2001-351892 is described in the specification of the present application on page 2. An English translation is also submitted herewith.
4. Japanese Published Unexamined Patent Application No. 57-195593, Published December 1, 1982. The invention is a background art of the present application. JP 57-195593 was

cited on the International Search Report for the corresponding PCT Application submitted herewith. An English abstract is also submitted herewith.

5. Japanese Published Unexamined Patent Application No. 8-181144, Published July 12, 1996 – corresponds to U.S. Patent Application No. 5,686,353 A, Published November 11, 1997. The invention is a background art of the present application. JP 8-181144 was cited on the International Search Report for the corresponding PCT Application submitted herewith.

6. Japanese Published Unexamined Patent Application No. 2004-273941, Published September 30, 2004 – The invention is a prior invention of the present application. JP 2004-273941 was cited on the International Search Report for the corresponding PCT Application submitted herewith. An English translation is also submitted herewith.

7. Japanese Patent Publication No. 2791429, Published August 27, 1998 – corresponds to Japanese Published Unexamined Patent Application No. 10-92702, Published April 10, 1998. The invention is a background art of the present application. JP 2791429 is described in the specification of the present application on page 2. An English translation is also submitted herewith.

8. Japanese Published Unexamined Patent Application No. 2003-234370, Published August 22, 2003 – corresponds to U.S. Patent Application Publication No. 2003/0148593 A1, Published August 7, 2003. The invention is a background art of the present application. JP 2003-234370 is cited in the Japanese Office Action issued for the corresponding Japanese Patent Application No. 2005-013920 of the present application. An English translation is also submitted herewith.

9. Japanese Published Unexamined Patent Application No. 2003-318217, Published November 7, 2003 – corresponds to U.S. Patent Application Publication No. 2004/0169020 A1, Published September 2, 2004. The invention is a background art of the present application. JP 2003-318217 is cited in the Japanese Office Action issued for the corresponding Japanese Patent Application No. 2005-013920 of the present application. An English translation is also submitted herewith.

CERTIFICATION

This Information Disclosure Statement is submitted within three months of (i) the filing date of the above-identified U.S. National Patent application, or (ii) before the first office action on the merits, or (iii) the date of entry into the U.S. National Stage of the above-identified International Application, or (iv) the date of entry into the U.S. National Stage of the International Application that has been assigned the above-identified U.S. Patent application number, whichever applies.

The Commissioner is hereby authorized to charge payment of any fees associated with this communication, including fees under 37 C.F.R. §§ 1.16 and 1.17 or credit any overpayment to **Deposit Account Number 10-0233-YANE-0003-US1.**

The Examiner is requested to acknowledge consideration of the information provided in this paper in accordance with prescribed procedures.

Respectfully submitted,

Ajay A. Jagtiani
